About Us

Our mission is to exceed ourselves and whole eco-system each and every day. By looking for regular interaction with our customers. By developing better products and service features. And by leading our group into the future.

Our Group's purpose is very clear,

"To enhance the quality of people's lives by providing innovative solutions."

Our Group loves and connected in values,

- **Be Quality Oriented**
- **Customer Satisfaction**
- **Ethical Practices**
- **Unity.**

In everything we do we are committed in our values and our every action is accelerated towards our purpose. This is not something new, but has been our motif since the company was founded over 10 years ago with the vision to provide best quality products to people for their investments. With our employees, we are progressing to become a world market leader – while remaining a family-owned company that sets its own standards. This is how we ensure quality 'Made in India' and products of the highest grade, worldwide.

It is really important for us to support our customers in their daily work. We coordinate materials, technology and comfort, take time for quality management and invest in research and development. The result is a perfectly tuned system providing products available whenever our customers need them

Because we are convinced:

Quality is the strongest bridge to go from present to future.

we **AVINASH GROUP** have developed this alluring assortment of class apart luxury architectural hardware having best of features and properties. These are designed after extensive market analysis and research so as to deliver innovative decor solutions. This collection is the exclusive of distinctive, admired and most preferred luxury architectural hardware designs that are sure to change the trends.

WE BELIEVE
IN THAT WE DO
WE TRANSFORM
